The parts of Medicare

A simple view

 Government plans Original Medicare		 Private plans		
Medicare Part A	Medicare Part B	Medicare Part C	Medicare Part D	Supplement Plans
Helps with hospital costs	Helps with doctor costs	Medicare Advantage plan Combines Parts A + B and sometimes Part D benefits in <i>one</i> plan	Prescription drug plan Helps with Rx costs	Helps cost gaps in Part A and Part B

What is Medicare Advantage?

Benefits that go beyond Original Medicare

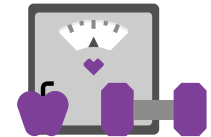

- Approved by Medicare and administered by an insurance carrier such as Aetna®.

- Provides the same Original Medicare Part A (hospital) and Part B (medical) benefits.

- Includes additional benefits, such as health advocacy programs, personalized nurse support and more, at **no extra cost**.

- A yearly limit on out-of-pocket costs for covered medical services, unlike Original Medicare.

Important notice about Medicare and plan eligibility

You must be enrolled in Medicare

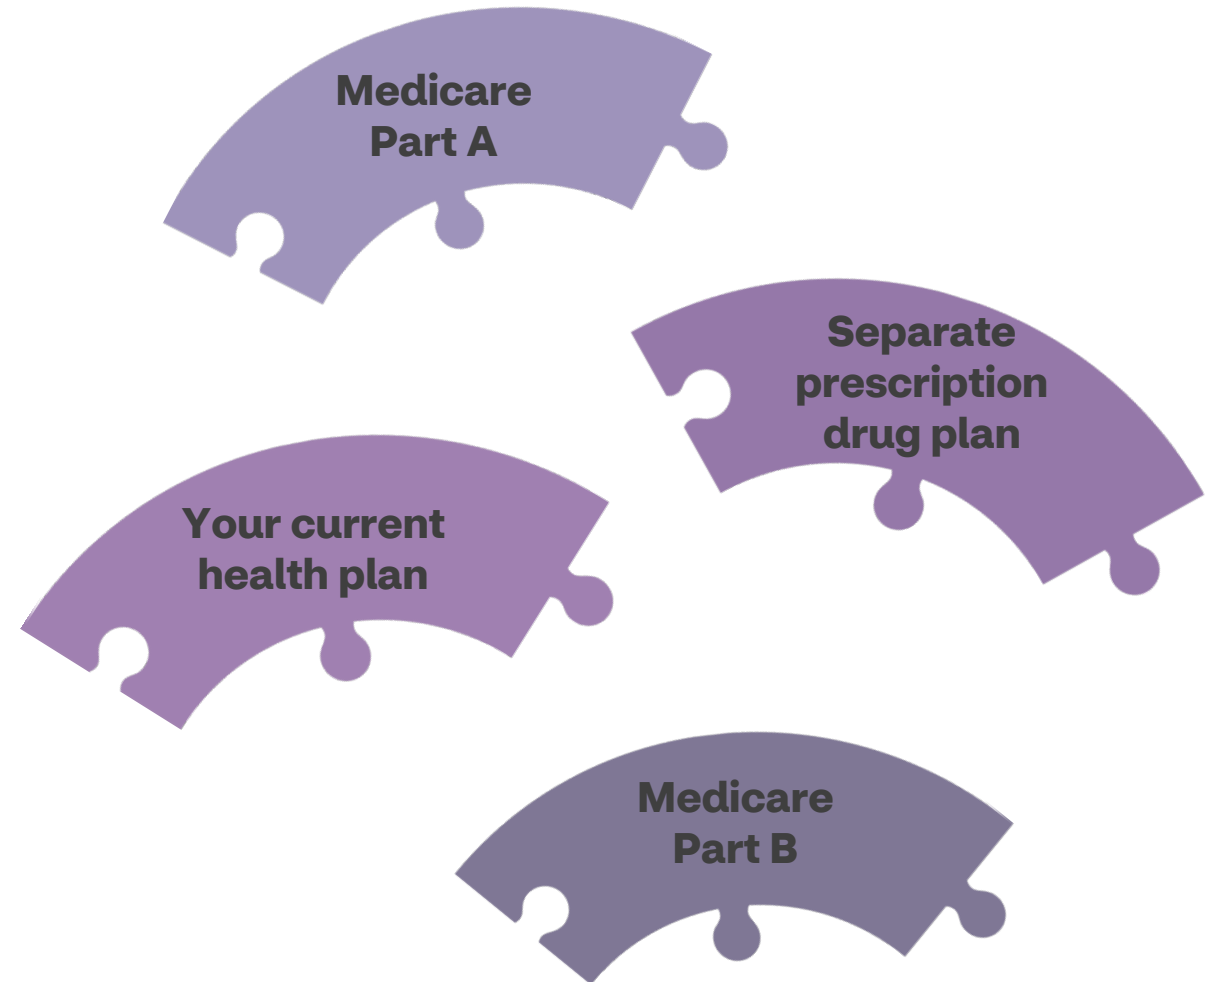

To enroll in the Fresno Unified School District Employee Healthcare Plan, **you must be enrolled in both Medicare Part A and Medicare Part B.**

You can only enroll in one Medicare Advantage plan and one Medicare Part D plan at once.

If you enroll in another Medicare Advantage or Medicare Part D plan later, you will be disenrolled from the Fresno Unified School District Employee Healthcare Plan.

Prescription drug coverage rules

Prior authorization (PA)

Some drugs require that your doctor first show a medical need for you to use the drug before the plan will cover it.

Quantity limits (QLs)

This places a limit on how much of a drug you can get at one time.

Step therapy (ST)

You must first try another drug on the plan's formulary before you can move to another drug.

Note: These rules keep your care safe and more affordable. With the Aetna Medicare Advantage PPO plan, we are working to provide you with a consistent experience with your prescriptions. The Aetna Medicare Advantage PPO plan is set up to have the same copays as your current plan; however, since formularies differ, please check the drug list to see what you will pay for your drugs.

Your transition to Aetna Medicare Part D coverage

Understand the Medicare Part D coverage gap

You only pay \$400 out-of-pocket maximum

The Fresno Unified School District Employee Healthcare Plan offers a unique supplemental benefit that allows you to pay a **\$0** copay for covered drugs after you reach **\$400** in out-of-pocket maximum costs. This applies regardless of what Medicare Part D drug coverage phase you're in.

To understand the Medicare Part D drug phases, see the chart below:

Medicare Part D drug coverage phase	
Phase 1: Initial coverage phase \$0-\$4,660	Fresno Unified School District Medicare retirees begin in this phase because there is no deductible. You stay in this phase and pay your share of the costs until your total prescription drug costs reach the initial coverage limit, which is \$4,660 for 2023.
Phase 2: Coverage gap phase \$4,661 - \$7,400	After you reach the initial coverage limit, you enter this phase. You have full coverage in the coverage gap phase, which means that you pay the same copays as you do in the initial coverage phase. You stay in this phase until you reach the true out-of-pocket cost, which is \$7,400 for 2023.
Phase 3: Catastrophic coverage phase \$7,401+	After you reach the true out-of-pocket cost, you enter this phase. You pay nothing in this phase and if you reach this phase, you will remain in this phase until the end of the plan year
