Welcome

to your California Select Managed Care Direct Compensation dental plan

Welcome to the California Select Managed Care Direct Compensation plan from UnitedHealthcare Dental.* We'll do everything we can to make your experience a positive one.

Take a few minutes to review this information, and remember that we're here to help if you have questions. Simply call Customer Care at the number on your ID card.

Your plan provides comprehensive benefits.

This plan provides terrific benefits. Your coverage begins right away, and you do not need to meet a deductible (an amount members sometimes must pay before receiving coverage). There is also no limit on how much the plan will pay in a given year, and the plan does not exclude care for dental issues you may have had before becoming a UnitedHealthcare dental member.

What's covered?

Preventive care — Your plan will pay for all or most of your preventive dental care needs, which include your routine checkups and cleanings. Generally speaking, you are limited to two cleanings in a 12-month period. However, some plans cover more cleanings for an additional copay. Check your plan information on myuhc.com, or give us a call and we will review your benefits with you. Note this plan covers annual oral cancer screens for adults as well.

Fillings, crowns and more — For services other than preventive care, you will pay a copay (a set dollar amount) to your dental office, generally at the time of your service. Your member website will outline your copays, or give us a call and we will review them with you.

Your plan covers other types of care, such as fillings and crowns, as well as orthodontia (braces.) However, some services that are done to improve the look of your teeth, such as teeth whitening, may not be covered by your plan.

Five things to know:

- You may see any primary care (general) dentist who is part of the network. That dentist will provide most of your care. If you need to see a specialist, your primary care dentist will give you a referral. Some plans do not offer any coverage if you see a dentist who is not part of the network. Check your plan documents or call Customer Care to see how your plan works.
- You can locate a primary care dentist who is part of the network by using the Find a Dentist tool on myuhc.com or by calling Customer Care at the number on your ID card.
- Your plan fully covers most preventive care. You'll pay a copay at the time of your visit for other types of care, including orthodontia (braces).
- There's a website just for you myuhc.com.
- Call us at the number on your ID card any time you have a question.

Your ID card:

- · You can print your ID card from myuhc.com.
- If you are a new member, you will be issued a card. If you are not, continue to use the one you have.
- Your ID card only lists the name of the person who signed up for the plan, but all of those covered by your plan should use this card.
- · Bring your dental ID card with you each time you see the dentist.

White or silver fillings? — If you choose to have white fillings (known as resin-based composite) in your back teeth, you may have to pay a higher copay than for silver fillings.

Extra services covered if you're pregnant

If you are pregnant, your plan covers extra visits for cleanings and gum treatments as recommended by your dentist. (Check your plan document for details.) Be sure to take advantage of this benefit because during pregnancy women can have increased levels of bacteria in the mouth which can lead to tooth decay. Ask your dentist to submit a paper claim to the claims address on your ID card, including the name of your obstetrician and your pregnancy due date, and we'll take care of the rest.

Finding a dentist in the network

To find a dentist in your network, log in to **myuhc.com**. That way, you'll only see your plan's network. If you decide not to log in, you can still use the online Find a Dentist tool, but you'll have to select your network from a list of networks, which is an added step.

Customer Care can also help you find a dentist in the network. Call the number on your ID card.

Questions?

If you have questions about your benefits, visit **myuhc.com** or call Customer Care. Thank you again for choosing UnitedHealthcare. You're on your way to a healthy, beautiful smile!
